*Amendment*  
*Attorney Docket No. C62.2P-10646-US02*

**Remarks**

Claims 1, 4-7 and 21-25 are now in the application. Claims 1 and 23-25 are independent.

The Final Office Action states that claims 3 and 23-25 are allowable but objected to as depending from a rejected base claim. This Amendment addresses and removes the objections.

Claim 1 has been amended to include the water insoluble and particle size recitations of claims 2 and 3, respectively. Therefore claim 1 is seen to be allowable for the reasons that claim 3 was indicated to be allowable. Claims 4-7 and 21-22 are seen to be allowable as dependent on an allowable base claim. Claims 23-25 have been written in independent form, removing the basis for objection and so are also seen to be allowable.

In view of the foregoing amendments and remarks the application is believed to be in condition for allowance. Early and favorable action thereon is requested.

Respectfully submitted,

VIDAS, ARRETT & STEINKRAUS
